Kaitlin and Summer bringing the Boyy bag to Malaysia

Your boyfriend jeans, boyfriend watches or even your own boyfriend aka arm candy will be complemented by your new love – a certain Boyy that isn't going to break your heart!

The New York brand Boyy offers an accessory a girl can have better than a hot guy on her arm to take to the streets of KL. Also known as the "it" bag, Boyy bags are often seen toted by the likes of fashionistas like Chloë Sevigny, Lou Doillon and Amber Valetta.

Bringing shopping on cyberspace to a whole new level, Kaitlin and Summer is the first to introduce the unique Boyy bag to Malaysia. They will be introducing Boyy's FW09 collection along with gems like the Slash or the signature bag Frank in late July.

Be ready to embrace Boyy's new FW09 colour palette of rock-chic black, sweatshirt grey and candy apple red giving it a cutting edge style and glamour. These bags are

made of high quality Italian lambskin, calfskin and cowhide leather and embellished with antique silver and gunmetal fittings.

Just like what women say, you can never have enough bags (or shoes)... Especially when your bag leaves eyes trailing you everywhere you go.

The Boyy bag will be available for pre-sales in late July at the Kaitlin and Summer online shop, www.kaitlinandsummer.com.
